

EVAWG-CB (Cross Border)

(End Violence against women and Girls)

- Invitation to participate in the study of NPOs in collaboration with a group of non-governmental organizations!
- By joining this group, you can give a new shape to your work and thoughts of EVAW/Gs, it is very important in view of the campaign started for the safety, protection and prevention of exploitation of children, Girls and women.
- Looking forward to develop cohesive coordination with Shanghai Cooperation Organization (SCO), South Asian Association for Regional Cooperation (SAARC Countries) and including **East Asian countries** to end violence against women, girls and children that is in lined with to achieve the Sustainable Development Goal (SDG) especially on SDG-1, 2, 3, 4, 5, SDG-16 & SDG-17 .

Greetings to all of you!

Dear friends

We would like to share this topic among you all that if we all dream of an India where our government, market and society give importance to Non-Profit Organizations (NPOs) as important contributors in the development of the country, then here is a great opportunity for us and you to work together and join a collective action!

The South Asian Association for Regional Cooperation (SAARC) comprises seven member nations, namely India, Pakistan, Bangladesh, Sri Lanka, Nepal, Bhutan, and Maldives. Bay of Bengal Initiative for Multi-Sectoral Technical and Economic Cooperation-BIMSTEC is an intergovernmental organization focused on fostering economic cooperation across multiple sectors on an international scale. India shares borders with several neighboring countries, including Nepal, Myanmar, Bangladesh, Bhutan, Sri Lanka, and a significant portion of China. These borders encompass 75 districts within India and have a significant impact on the surrounding areas, except for Pakistan. The organization has expressed a desire to establish robust relationships and foster cohesive partnerships and coordination with the Shanghai Cooperation Organization (SCO), SAARC Countries, and various governmental and non-governmental organizations in East Asia. The aim of these efforts is to combat violence against women, girls, and children, in alignment with the Sustainable Development Goals (SDGs), particularly SDG-1, 2, 3, 4, 5, SDG-16, and SDG-17. In addition, various governmental and non-governmental organizations, as well as network organizations situated on the periphery of India, are actively engaged in efforts to combat violence against women and girls (EVAW/G). These entities collaborate to launch campaigns aimed at eradicating this pernicious crime and achieving a state of zero violence.

Our primary objective is to establish a non-violent atmosphere for females and girl children in the Indo-Border regions of SAARC, SCO, and East Asian nations. To attain the Sustainable Development Goals (SDGs) encompassing SDG-1, 2, 3, 4, 5, SDG-16 and SDG-17, it is imperative to secure your collaboration in the areas of strategic planning, implementation, and fostering conducive environments for the target populations over an extended period. The objective is to attain the emancipation of one trillion females,

girls, and children. The concept of freedom encompasses a range of fundamental liberties, including but not limited to the absence of violence, the absence of human trafficking, protection against human rights violations, freedom from insecurity, and the right to life.

It is imperative to undertake a collaborative endeavor aimed at addressing the prevailing circumstances through a research inquiry conducted by concerned institutions and groups regarding the challenges encountered by the growing number of children, girls, and women across Cross Border nations. Over the course of several years, we have been engaged in a mission to systematically document credible evidence regarding the contributions of non-profit organisations. Our aim is to widely disseminate our findings and engage in constructive dialogue with governments, groups, and citizens. The current moment presents a highly opportune and propitious occasion to enhance the efficacy of this campaign. The report of Institute is publicly accessible and shareable. It was prepared through a comprehensive field-wide survey, thematic reports, and macro-economic research, drawing on both past work experience and current studies.

HOW CAN YOU BE PART OF THIS IMPORTANT MOVEMENT?

From the years 2008 to 2009, we intend to stop trafficking of women, girls, and children at the Indo-Nepal border with western nations. We want you to join this campaign with us to work among the 75 districts, 25 of which are severely affected by zero violence against women, girls, and children. To further reinforce this campaign, you are required to take part in this survey! Respond to the survey on behalf of your NGO and urge at least ten additional organisations to support the cause.

- ⇒ A campaign launched by us is not just a survey you are filling out for someone else! It's about shaping a purpose together, with you, to secure the future of our region!
- ⇒ You associate with our campaign and make other organizations a part of this campaign; you personally contribute to build a story of our collective impact to prove your contribution to the nation.
- ⇒ You are expected to join the movement and be an important part of the collective action!

By joining this campaign, you are making your invaluable contribution to the country and the society. We will treat all the information, suggestions provided by you with utmost confidentiality. You can answer the questions about your organization to join us. Answer questions like: What your organization does, what is its scope? How many people are associated with your organization as employees and volunteers? How many people you have direct access to? Your collaborations, organizations you are affiliated with and your key narratives. Information specific to your organization is required. Make it available as per the details. The information provided by you will only be shared between analysts. You join us in South Asia between countries of western region especially on Indo-Nepal border. This is a collaborative effort that involves investing our time to make a valuable contribution to this region. It is not necessary to disclose information about the nonprofit organization, including your involvement.

By participating in this campaign, you can provide valuable cooperation in solving the problems faced by women, girls, and children. Your efforts alone may not be enough, but together we can take steps towards a solution.

WHAT ARE THE POTENTIAL BENEFITS AND TYPES OF SUPPORT AVAILABLE TO INDIVIDUALS WHO JOIN THIS GROUP?

By joining us you will be an integral part of the work on prevention from violence, abuse and unethical practices against Children, Girls and Women in West Asian countries as well as conducting surveys, research studies and engaging extensively with decision makers including funders, corporate social responsibility (CSR) and government at national, state, and local levels.

By joining this network, you can participate in a joint programme with thousands of organisations located along the Indo-Nepal border and West Asian countries.

To join the campaign against violence and harassment of children, women, and girls- for more detailed information contact-

- If you would like to join our group and help reach and engage nonprofits, please write to us at chairperson@evawgcb.co.uk and complete the survey.
- Or for specific queries, write on WhatsApp +91-7565831111

If you are already connected with us, please forward this mail inviting others among non-profit organizations in your network. You can be a part of coordinated development program between India, Nepal and West Asia countries at cross border by joining us in this campaign.

With best wishes!

(Jata Shankar Tripathi)
